

ANAFİKİR
MİMARLIK

PORTFOLIO

INTRODUCTION

Anafikir Mimarlık works with a modern understanding with today's technology.

We produce human-oriented, functional and predictive projects. Our office provides services in the fields of design, license projects, application projects, engineering services, interior design and consultancy.

In our portfolio, you can see the services we provide in the field of chain retailing, head office, office architecture belonging to the retail sector, which we realize with our young and dynamic staff.

We aimed to do the best in the fields we mentioned in the following years.
